

How Do Planting Parties Work?

Set Up

Our participating stores will set up a table and chairs for your guests. Depending on the location and weather, parties will be held indoors, outdoors, or under a tent. We will provide appropriate materials including soil, fertilizer, moss, and gravel. Additional party decorations are welcome. Please arrive early to help set up decorations. Sloat Team Members will handle clean-up.

Timing

Parties typically last about an hour. It's important that guests arrive as on time as possible.

Party Plans

- 1 Predetermined price per guest:** Includes instruction and materials*. Pricing starts at \$40 per person and varies based on guest activity preferences.
- 2 Individually charged party:** Includes a flat \$150 group materials fee. Guests choose their own plants and containers. Final costs will be totaled individually after the party.

***Materials:** Soil, fertilizer, gravel, moss, keeper stopper, and appropriate tools will be provided.
