GARDEN CENTER

sloatgardens.com

Sloat Garden Design

We offer both on-site and virtual garden design appointments for Marin, San Francisco, Sonoma, and East Bay residents. We begin with a one-hour consultation. Afterward our designers will present a time estimate to complete the agreed upon next steps. In the one-hour appointment we will focus on solutions for specific areas of your garden:

- Plant identification and recommendations for care.
- Problem-solving for targeted areas.
- Pest and disease identification and suggestions for treatment.
- General plant recommendations.
- Simple conceptual ideas for garden possibilities.

Garden Solutions Consultation: \$175 per Hour
(Price subject to change)

Dynamic Design

Dynamic Design is the most efficient way to get planting. After an initial consultation at your garden, the next appointment will be to meet at one of our stores to look at plants. Based on your likes and budget, the designer will coordinate ordering, delivery, and place the plants to be planted in your garden. Your dynamic design will be personalized and overseen by our professional staff. If you are short on time, you can give us a budget and we can pick your plants for you!

Fees: We charge \$175/hr with a minimum charge of \$175. Note: Sloat gift cards can be applied to consultation services.

Scheduling: To schedule an appointment, please visit our website at sloatgardens.com>Services> Garden Design Department

The fine print: This service is intended for garden design only, not installation. All installation costs are separate from our estimates and should be coordinated with the person or group you hire to install our design. Sloat Garden Center is not responsible for work performed by the installers we recommend. Sloat Garden Center does not guarantee plants bought from other plant nurseries.
